

Visiting the Southeast Library (for Adults)

When I visit the Southeast Branch library, I can talk using my inside voice.

Sometimes, the library gets very busy. When that happens, it can get very loud.

Sometimes, a baby might cry. I will try to walk when I am in the library. When the library is busy, sometimes there are a lot of children playing in different areas.

If I need help finding something, I can ask the librarian at the desk. The librarian can help me find books, DVDs, and audiobooks. The librarian can also help me check out books and put books on hold if they are not available when I am there.

If I want to play on the internet, the librarian can also make me a reservation for a computer, but I might have to wait for one to be available. I will try to be patient if I have to wait for a computer.
